SCC Corrugated & Packaging Division

It's the 'SCC' in The SCC Group. South Coast Container Corporation represents our Corrugated and Packaging Division.

SCC has been a trusted supplier of corrugated and packaging products to the retail and industrial markets for over 30 years. Our national and international capabilities have earned us the ability to supply some of America's top brands.

Corrugated Experts

Industrial or retail, brown box or high-graphics, our container division offers high speed equipment for large runs as well as inkjet and digital options for short runs.

Our oversize printing presses and die-cutters create retail and club store display programs that are a main-stay in big box retailers such as Costco, Wal-mart & Sam's Club.

Packaging & Facility Supply

SCC supplies national and international packaging contracts and can deliver to virtually every major city throughout North America and Asia. Through SCC's proprietary Global Purchasing System, our clients specifications and artwork are accessed through our Password Protected Website. Custom products and stock consumables can be ordered and released, proof of deliveries can be accessed and reports can be downloaded.

SCC Asia

Our SCC Asia Division provides unique corrugated options to our clients that take the guesswork out of the Asian marketplace. We offer 100% US Grade liners that meet US Board Specifications as well as offer a plethora of other customized products such as: Folding cartons, clamshells, injection-molded parts, plastic boxes, hangtags, bags and labels.

SCC Asia can direct export packaging products from China, Taiwan and Hong Kong as well as offer the unique ability to supply and deliver to the domestic Asian market.
